“ I always looked forward to my interactions with Tony as he always made me smile. He had a pleasant very authentic way about him and he knew pretty much all 1500 people at General Dynamics by name. He always brightened my day. He shall be missed.

“ On Sunday we lost a true friend, colleague, and amazing individual, but what we lost here, heaven gained. He is now an angel looking down upon all of us, knowing this should help all of us.
Tony was a truly great man, a man whom always presented himself in a professional manner. Tony was always willing to listen, learn and give advice when needed. His ability to work thru adversity was amazing. He will be dearly missed but never forgotten.

“ To know him is to love him. If you've ever met Tony there's no way you don't have a great story to tell about how he made you smile. I worked with T a lot at GD and I truly loved him. As we are all suffering such a great loss and broken hearts, I know he would want us to smile. That's what he always did. You never saw him without a smile. Heaven gained an amazing Angel who will be so deeply missed. My sincere prayers are with his family .. and with all of us whose hearts are aching today.
