“ I loved seeing Howard. Every month I would stop by with my bichon Taylor at the Chesbro's home in Clarksburg so that Karen could groom Taylor (She is the best imaginable at this demanding skill). Howard would meet me and take Taylor from the back seat of my car. He loved Taylor - a champion show dog - bred, raised and shown by the Chesbros. Howard had this "tough guy" attitude, but he was a sweetie on the inside. He had a fantastic sense of humor and was always positive and upbeat. I looked forward to seeing him as much as I loved the beautiful grooming Taylor received, due to Karen's great skill and artistry at this demanding physical and artistic task. Howard was also an skilled sculptural installer for Mass MoCA; several years ago he hung two massive Chinese phoenix sculptures in the museum's immense, football-sized main gallery.

A wonderful, funny, caring, loving person, Howard possessed a strong and powerful personality and character. In his expression, he was ever-youthful and also physically powerful, despite his bantam-weight size, routinely walking five miles a day. He will be missed, but his memory and enthusiasm for life, and specifically for his amazing bichon frise dogs, will live on.

Much love to Karen at this time...

“ Dear Karen and family
I was so saddened to read of Howard's passing. I always enjoyed our little visits when I would run into him at Walmart or the Big Y. Please accept my sincere condolences. He was a great guy and will be missed by all that knew him.
