I have so many memories of Candice. We met through Mile and she became family. She will forever be in my heart. The thought of the world without her in it a world with a little less laughter and light. Love you Candice from (Auntie) Tio.

“*Candice and I became fast friends our Freshman year in High School. She was a forever friend. We had many laughs and always got through the tears. She flew out to California and kept me afloat when my father suddenly passed. We lived in different coasts and as distance and life does we ebbed in and out of each others life. I’m grateful to have been in contact with her during her final season of life. I send all my love to her family. Giant bear hugs to Layla and Jude. I’ll sign this as she would to me after every text... Love ya Homeslice ❤️*
