“ I remember Mr McGrath as a very caring teacher. I remember being very frustrated with drawing a hand in my art class. He slowly and patiently showed me how to draw this very difficult angle of the hand. He assured me that the hand and feet are the most difficult to draw. He made me work hard and could see my abilities and talent. He was a very caring and influential mentor to us all. It made a difference.

I can see you standing over me on that day showing me the circles on the paper to draw the hand. It is in my mind as clear as day. I will always remember your caring teaching methods. Thank you. RIP dear friend!

My deepest sympathy to the family.

“ *He was known by some of us as "Frank", I have no idea why. This neighborhood kid quietly produced art that quivered with shape and color he pulled from deep within himself. Thank you Dave for sharing with us your dreams and your life. From all of the Bob's Hill Boys we offer our condolences.*

“ Dave was my classmate in high school and I had the pleasure of working with him at ACRSD. His gentle and soft spoken nature and his artistic talent made him a wonderful elementary school teacher. Dave was the first one to take his elementary school students into the computer lab and teach them to create art electronically. His show of the kids digital work at the Adams Town Hall Gallery put a smile on the face of everyone who viewed it and made his students and their families very proud. RIP Dave, you will be missed!

“ I had Mr. McGrath for my art teacher at CT PLunkett. We ended up moving to Tennessee when I was in the 4th grade in 2000, but I still remember what a nice man he was, and all the fun art projects we did. I an even still remember his voice. He was very talented and helped inspire my love of art! I believe I remember him the best of all the teachers I had at CT PLunkett.

“ I will never forget you Mr.McGrath.You were a wonderful,caring teacher.Even though it has been over thirty years since I sat in your classroom,I will always think you and how your sole purpose in life seemed to be reaching out to someone else,especially a child.I was saddened today to visit the library knowing that I would not see you the first thing when I walked through the door.Your presence may be gone from the library,but will forever remain in my heart.
