“ Donna was the bravest person I've ever known. No matter what life dealt her she never complained. Major surgery after surgery she always bounced back so she could witness one more milestone in her granddaughters life. She was happy and content with what little she did have. She was not a greedy or envious person but a kind, loving and happy person. I am happy and proud to say that this strong person is a relative of mine. Now is your time to be whole again andt to rest in peace my friend. You certainly deserve it. I will miss you ---I love you with my whole heart Janice

“ *My Donna -- Now is your time to rest and to be whole again. Through all your sickness you never complained -- but only had a smile. You were the most unselfish person I have ever known. You were happy and content with what you had. Thank you for showing me how to be a better person and to appreciate life. I love you Janice*

“ *My condolences to the family. I was a close friend all through school, we had many, many, wonderful times together. My heart will always be sad because we lost touch and didn't have the time to find each other again. Donna my dear friend I know your dancing with the angels and telling your mom and dad all the good things about your grand children that they missed. Rest in peace. Debbie*
