“ *Dear Maggie and David,
I was so saddened to read of Guy's passing. I have fond memories of his visits to the old NA Transcript with and without your (little) boy David and, of course, your many warm and funny columns about your family's daily life.
My thoughts and heartfelt condolences are with you.

“ *Maggie and David- My family and I are truly sorry. Guy had a great spirit and energy. It was infectious. All of my memories of him were filled with that energy as well as his fantastic sense of humor. I'm smiling now just thinking of him. He is certainly in the company of a few other great characters that I'm sure he has missed for quite some time! Perhaps playing Cribbage. I regretfully missed the services due to the travel restrictions of the storm. I hope you understand. Our thoughts and prayers are with you both.*

“ Although I am unable to be there for you in person, please know that I am with you in my heart. I am beyond heartbroken that Guy has been taken from us and especially from you, Maggy and David. David...he talked of you always and was so very proud of you. You were his finest achievement. And Maggy, he so loved you and was devoted to you and so grateful for the family that you created for him. He was always a special person to me and my memories of him and our times together over these 40 years of friendship will stay with me forever. I hope that you will find some comfort and peace knowing that he was loved and will be missed by so many.

“ Dear Maggie and David,

I graduated from Drury High School with Guy. He was part of a very special group of friends that to this day still account for some of the best memories of my life.

He was a very special person who always had a smile on his face and could light up yours. He will be missed and I wish you both peace at this very sad time.

“ Maggie, David and Family - I heard of your loss of Guy the other day. Although there is little consolation in a note, I want you to know that my thoughts are with you at this sad time. If I knew the magic words that could comfort you at a time like this, I would write them here. You will miss him, but time will bring comfort in the fond memories of a rich full life you shared as a family. Please accept my sincere condolence.

“ Margaret, I was so shocked to read of Guy's passing. I remember you from NASC and your doing the wedding flowers for my daughter. And, of course, your food column in *The Transcript*. Having just lost my husband the end of last September I know it will take you time to adjust without his presence. My prayers are with you and David during this stressful time.
