“*Dave, I am so sorry. I just now came across this awful news. I know that Jackie and I had lost touch with each other but I never stopped remembering and caring about our wonderful times working together and our great vacations, esp our trip to Hawaii. I can only offer my deepest sympathy to you and your entire family. I will never forget Jackie. Paula Canavan*

“ Dear Dave and family,
Hearing about Jackie’s passing was such a shock. I am so, so sad for you all.
I have many, many important memories of all the love , compassion and care that both you & Jackie showed to my mom, Milly, in her later years. Jackie’s extensive medical knowledge and nursing expertise, combined with her genuine affection for my mom surely bought my mother more quality time. Jackie’s advice to me and daily checkups on my mom were invaluable. Jackie & I shared many laughs over our shared memories of our Galipeau & Pinsonneault families from days gone by. Her caring concern touched many lives. Such a loss! I know she loved you deeply and adored her children & grandkids when they came along. She missed her parents and siblings and looked forward to your FL visits. I know she’s in heaven with her parents & mine, laughing and dancing the night away. RIP Jackie. You will be missed.
