“ When I was 14, I moved into my best friends neighborhood. A few months later, she and her entire family moved to Florida. I was so sad. Shortly after that, a new family moved into our neighborhood. The oldest daughter soon became my best friend. Her name was Melanie Daniels. We did so much together back then. Then lost touch for awhile as we were busy raising our families. She with her beautiful daughter Brenna and me with my brood of 7. Even though we didn't stay in close contact, the love we had for each other never changed. Over the past few years we have been able to reconnect and spend lots of time together.. Her memorial service today was so beautiful and gave me the strength to share this. In my church we have a scripture that tells us to live together in love, so that when we die, our loved ones will be sad. Not because we think that we will never see each other again. But because we will miss all that love. Melanie lived that scripture every day of her life. And I miss her. But love is stronger than grief. So I say so long my friend, for it will only be so long until we see each other again. I know you are watching over your loved ones here on earth. And I promise to keep them all in my heart and prayers. Love you forever Melanie?

“ I worked with Melanie for many years at Country Curtains. She was great to work with and was very friendly with all her co-workers. I remember when she found out she was going to have a baby....how happy she was...her daughter Brenna was a blessing. She loved her family and her dogs. May God bless you all and bring you peace...
