“ My heart goes out to all of" humps" family. To you Manzelle,Jimmy, Michelle, Kim and to anyone else I left out. Deering St. where we grew up never had a dull moment and a lot of that had to do with Humpy. All of us could not wait for Friday so we could head up to the Boy"s Club and those Friday Night Movies, we would turn in soda bottles to get the the 8 cents it cost to watch a movie, cartoons, a weekly short serial like captain video or batman and ending with the tree stooges.We were all related, maybe not by blood but by love and concern for each other. I will carry Humpy's smile and laughter in my heart forever.

“ Losing one of my big brothers has been hard and even though I left home a long time ago over the years I never lost the character, resilience and wonderful things instilled in me being raised in a small, New England town surrounded by family and friends. My brother's originality, irreverent sense of humor (from childhood) & his willingness to relate to and give space to all whom he met -- will always be a legacy for me to incorporate. I look forward to watching how his traits are woven into his daughters and grandchildren & grateful he lived his life that he is now surrounded by Light on the other side. Love You Humps from Peanut!

“ I will always remember when we were kids playing on Cole Avenue - Humpy was so ticklish that he would just laugh and laugh and ask for us to tickle him again. Haven't seen him in years! Sorry for your loss - Manzelle, Jim, Michelle and others.
